EDUCATION

Bachelor of Computing Honours in Software Engineering
University of Sri jayewardenepura
2024 - 2028

Advanced Level (Mathematics)
D.S. Senanayake College
Colombo 07
2020 - 2023

Ordinary Level
Piliyandala Central College
2019 - 2013

TECHNICAL SKILLS

Programming Languages
(Java, C++, Python, PHP)

Web Technologies
(HTML, CSS, JavaScript)

Tools
(GitHub, XAMPP)

IDE
(VS Code, NetBeans)

SOFT SKILLS

Communication skills

Time management

Self-learning

Leadership skills projects

LANGUAGE

- English
- Sinhala

ABOUT ME

I'm currently studying Software Engineering at the University of Sri Jayewardenepura (USJ). Although I'm still in the early stages of my academic journey and haven't done many major projects yet, I'm really excited to keep learning and improving. I've always been interested in programming and technology, and I enjoy exploring new things and solving problems. I'm working on building up my skills through coursework, personal projects, and any hands on experience I can get. I'm especially looking forward to discovering which areas of software engineering I enjoy the most and using what I learn to build real, useful things.

PROJECTS

Department Events Calendar - Group Project (2025)
Created a web-based interactive calendar to display department events, workshops, guest lectures, and deadlines. Worked as a team to build a simple, user-friendly system to improve event visibility and planning.

Online Hotel Room Booking System - Group Project (2025)
Developed a web-based system for customers to search, book, and manage hotel room reservations. Included features like room availability, user registration, admin panel, and booking history.

WORK EXPERIENCE

Intern
Bank of Ceylon - Kesbewa Branch
2024
